

State of Wisconsin  
2013 - 2014 LEGISLATURE

LRB-0156/1  
EVM:eev:jm

DOA:.....Byrnes, BB0236 – Create appropriation for Height Modernization Program

**FOR 2013-2015 BUDGET -- NOT READY FOR INTRODUCTION**

**AN ACT ...; relating to:** the budget.

---

*Analysis by the Legislative Reference Bureau*

**TRANSPORTATION**

**OTHER TRANSPORTATION**

This bill requires DOT to administer a surveying reference station system that consists of monuments that are used to generate latitude, longitude, and elevation data; reference stations that continuously transmit global positioning system data to a system server; and the system server, which receives and processes the data received from the reference stations. The bill also permits DOT to charge a fee to persons who access the system in an amount to be established by rule. All access fees received by DOT are appropriated for system maintenance and operation costs.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

---

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

**SECTION 1.** 20.395 (3) (jg) of the statutes is created to read:

20.395 (3) (jg) *Surveying reference station system.* From the general fund, all moneys received under s. 85.63 (2), for maintenance and operation costs of the surveying reference station system under s. 85.63 (1).

\*\*\*NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.

**SECTION 2.** 25.40 (1) (a) 30. of the statutes is created to read:

25.40 (1) (a) 30. Moneys received under s. 85.63 (2) that are deposited in the general fund and credited to the appropriation account under s. 20.395 (3) (jg).

**SECTION 3.** 85.63 of the statutes is created to read:

**85.63 Surveying reference station system.** (1) The department shall administer a surveying reference station system consisting of all of the following:

(a) A passive system consisting of a network of monuments located throughout the state that are used to generate latitude, longitude, and elevation data.

(b) An active surveying reference station system consisting of reference stations statewide that continuously transmit global positioning system data to a system server, and the server that receives and processes the data received from the reference stations.

(2) The department may charge a fee for providing access to the system under sub. (1) in an amount to be established by rule. All fees received under this subsection shall be deposited in the general fund and credited to the appropriation account under s. 20.395 (3) (jg).

**(END)**
